- **GEOstories** – micro case studies to stimulate discussion
- **Visualise This** – key concepts explained using illustrations
- **Student Activities** – Core knowledge, Application, Extension, Fieldwork & Skills

[VISIT THE AUTHORS' BLOG HERE](#)

The team of authors for *Powerful Geography 1* are excited about the case studies they have created, the beautiful illustrations, many never seen before, and the inclusion of Visualise This, concept explainers.

This book offers teachers and students a range of case studies to support teaching the NESA Stage Geography Syllabus (2022). The use of GEO stories (micro studies), large case studies and a visual dictionary (Visualise This) for each Content Focus Area covers essential content knowledge, concepts, tools, and skills.
