

POWERFUL GEOGRAPHY 1

FEATURING:

- Contemporary case studies for each Content Focus Area
- GEO stories – micro case studies to stimulate discussion and differentiate learning.
- Visualise This – key concepts explained using illustrations
- Student Activities – Core knowledge, Application, Extension, Fieldwork & Skills

The team of authors for Powerful Geography 1 are excited about the case studies they have created, the beautiful illustrations, many never seen before, and the inclusion of Visualise This, concept explainers. This book offers teachers and students a range of case studies to support teaching the NESA Stage Geography Syllabus (2022). The use of GEO stories (micro studies), large case studies and a visual dictionary (Visualise This) for each Content Focus Area covers essential content knowledge, concepts, tools, and skills.
